INNOVATIVE PACKAGING SOLUTIONS

- If you require this machine with load cells they are integrated into the frame, not on the ground where they can get damaged.
- Included in the frame is a support for the bag & an untie box to safe guard the operator from any crushing injuries from the bag.
- The system can be supplied with or without massage plungers.
- The product can exit by either auger, belt feed, gravity, ect, depending on product and customers preference.
